---

After reviewing the documents submitted and the questionnaire responses, the Cyber Security Contract Requirements exhibit **is NOT required** for **HQ Cell Tracking Trucks (Req# 26R0014623)**

**If at some point during the procurement process, it is revealed that any of the following are true, then the Cyber Exhibit must be included.**

- Non-public DPS data will be stored, transmitted, accessed, or processed by the system/application/software .
- The system/application requires hardware or software connected to or installed on the DPS network or DPS devices.
- Contractors require un-escorted access to a DPS network or DPS data (including installing, configuring, and maintaining) .

**Additionally, we have reviewed the requisition for the following exhibits to determine if they are required:**

**Data and AI Exhibit: No**
**IT Exhibit: No**

Thank you for involving Cyber in this procurement.
